**Download pCon.update DataClient on:**

**https://pcon-solutions.com/download-area/**

≡LISTA

Open the pcon.update DataClient and follow the instructions to start the first synchronisation with the LISTA product catalogue.

You only have to carry out this step yourself during the initial installation. After that, the catalogue is synchronised automatically once a day by the pcon.update DataClient.

≡LISTA

After successful synchronisation, you can now open the pCon.planner ME and find our product catalog in the "Start" tab under "Products".
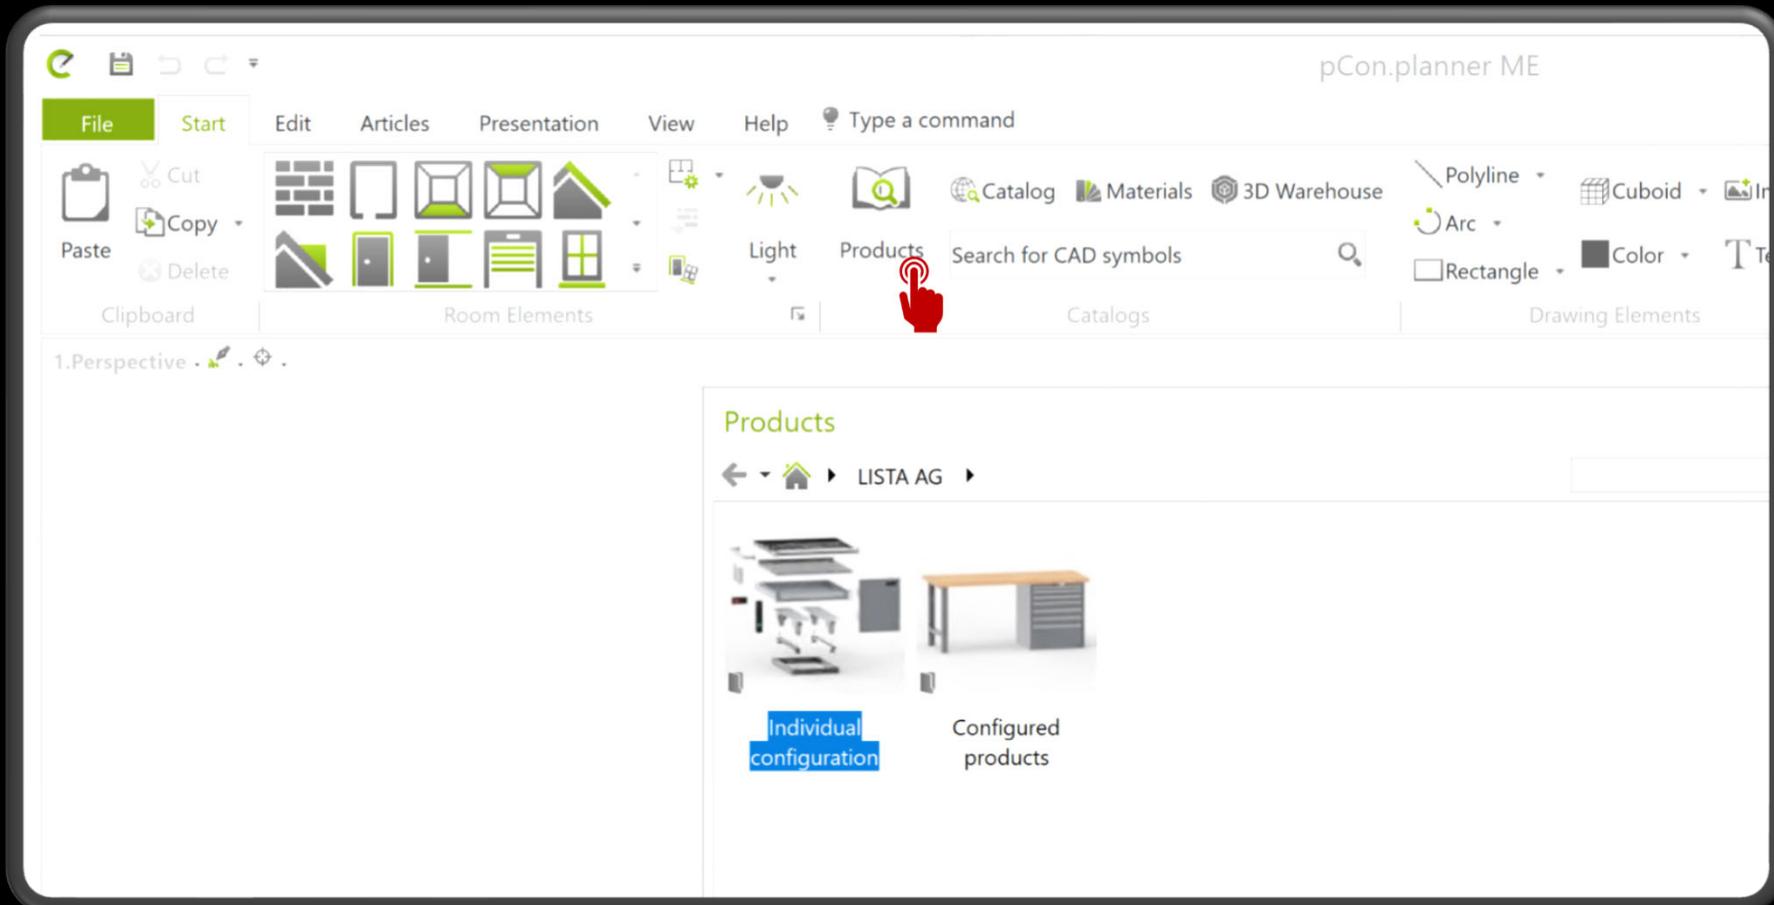

Enjoy configuring!
